

Stellar Pro

The New Classic

About the product

Stellar Pro is Hanshow's latest ESL featuring select upgrades on its classic ESL series. Stellar Pro's proprietary ESL chip and high-energy battery pack gives it excellent performance with a 10-year battery life.

Application

For use in a range of retail settings including supermarkets, convenience stores, consumer electronics, department stores, fashion, sports and more.

Specialized ESL Chip

- 30% reduction in energy consumption
- 100% increase in storage space

10-year Battery Life

- Improved energy saving battery, self-discharge less than 3%
- New battery design holds 100% more power
- Lifecycle of up to 10 years¹

Expanded Storage

- 8 pages of storage space, full range of product information displays

Multifunctional NFC

- Page switching
- LED flash control
- Data synchronization
- ESL binding & unbinding

Upgraded Protection

- Some models² upgraded to IP65 protection level
- Large-size screen³ lens hardness increased to 3H

Multi-color Flashing Lights

- 7-color LED
- LED flashing in 3 sec after receiving command

2. Stellar Pro ≥ 4.2-inch models

3. Stellar Pro ≥ 5.8-inch models

Product Specifications

Stellar Pro-154

Display size : 1.54"
Frame size : 48.2 x 35.2 x 13.2mm
Active display area : 27.0 x 27.0mm
Resolution : 200 x 200px

Stellar Pro-213

Display size : 2.13"
Frame size : 70.0 x 35.2 x 13.4mm
Active display area : 48.6 x 23.7mm
Resolution : 250 x 122px

Stellar Pro-266

Display size : 2.66"
Frame size : 84.1 x 41.1 x 13.2mm
Active display area : 60.1 x 30.7mm
Resolution : 296 x 152px

Stellar Pro-290

Display size : 2.90"
Frame size : 90.1 x 41.2 x 13.3mm
Active display area : 66.9 x 29.1mm
Resolution : 296 x 128px

Stellar Pro-420

Display size : 4.2"
Frame size : 104.8 x 94.0 x 12.0mm
Active display area : 84.8 x 63.6mm
Resolution : 400 x 300px

Stellar Pro-583

Display size : 5.8"
Frame size : 138.2 x 113.6 x 12.3mm
Active display area : 118.8 x 88.2mm
Resolution : 648 x 480px

Stellar Pro-750

Display size : 7.5"
Frame size : 183.0 x 125.3 x 12.5mm
Active display area : 163.0 x 98.0mm
Resolution : 800 x 480px

Stellar Pro-1020

Display size : 10.2"
Frame size : 235.5 x 174.0 x 12.5mm
Active display area : 215.5 x 143.7mm
Resolution : 960 x 640px

Stellar Pro-213F

Display size : 2.13"
Frame size : 70.1 x 35.3 x 14.7mm
Active display area : 48.6 x 23.7mm
Resolution : 250 x 122px

Stellar Pro-266F

Display size : 2.66"
Frame size : 84.0 x 41.0 x 13.1mm
Active display area : 60.1 x 30.7mm
Resolution : 296 x 152px
