

## Features

### Seamless barcode scanning.

An omnidirectional Newland scan engine ensures responsive scanning of 1D and 2D barcodes. Both trained employees and inexperienced customers will be able to scan printed and digital barcodes with ease.

### Enterprise-level Android OS.

Running Android, the NQire 300 provides your team with endless development possibilities and your customers with a device that is intuitive in use. Looking up product information, scanning a ticket, checking a price or making a purchase is quick and simple, even for inexperienced users.

### MDM software.

Keep track of devices in the field with Newland's mobile device management (MDM) software.

### Endless versatility.

Equipped with a variety of features that make it easy to adapt the NQire 300 to your application. The device has a built-in HF NFC reader and data can be transmitted through Ethernet, WiFi and Bluetooth (optional). An external USB and GPIO port provide the possibility to connect an external device, e.g. a handheld scanner.

### Mount anywhere.

With dimensions of 140 x 139.5 x 61 (HxWxD) and compliance with VESA 75 standards, the NQire 300 can easily be mounted on any shelf, pole or wall.
